55 Somerset Street,
Newark, N. J.

My Dear Mrs. Manley-

I was successful enough to meet Mr. Bill White, Friday morning at 2- He told me that it was entirely possible for us to work out something with some players who need more seasoning and a more polishing. In his opinion it was suggested that the Raleigh Grays become a "farm club" for the Eagles. He intimated that from time to time Newark would send money to supplement the salaries the young players might receive, so that they might be stabilized. He also suggested that there were twenty or more uniforms which I might be able to secure to help finish equipping the Grays.

Now for these services to the Grays, I would be willing to accept all of the young players I could use and would be happy

to return the same whenever you need it most. As for my club, I am hoping that you would always have an experienced replacement. As for the men on the club who have not been subsidized by you, I should think it fair for you to have first chance at their services, but for claiming them, I'm of the opinion we should be paid for them. As for the manner of payment - I should say maybe $200.00 after he has been tried out for thirty days and has proven himself - and one or two raw recruits. The recruits would be my problem and no supplemental salary would be expected for them.

Please let me hear from you at once and if you agree to it, please send uniforms and contract for same,

Awaiting an early reply - Yours - W. A. "Pete" Wilder.
